

Virco Colors

Adding Inspiration To Your Environment

Furniture That Fits®

VIRCO COLOR PROGRAM

Virco products are available in an inspiring array of colors and frame finishes, allowing a full range of expression from traditional to modern. Because color has such an impact on how individual products are perceived, and furthermore because a roomful of furniture can read differently than an individual sample, we encourage you to order samples to confirm compatibility with your overall design plan. Please see the back page of this brochure for information on how to order samples.

Virco offers a variety of lead-time specific color programs – please contact your local Virco Sales Representative for more information. Models and color combinations can be found in our price list.

In addition to our Virco color programs, Virco is capable of providing custom colors and finishes for your specific project. Because of the capabilities and processes available in our U.S. Factories, we have the ability to do custom color matches from samples or swatches for plastics, powder coat, laminates, edge treatments, as well as custom logo designs. Extended lead-times may apply on custom projects.

CAUTION: Due to color reproduction variability in printed materials and digital media, Virco recommends that you review product colors on sample coupons or swatches before purchasing to confirm that your product color choices coordinate with the interior spaces for which these products are intended. Virco will provide complimentary sample coupons or swatches for plastic, laminate, powder coat paint and upholstery colors; however, it is the customer's responsibility to request these sample materials. Once you've submitted your request, your Virco Sales Representative will be happy to assist you with this process.

FRAME FINISH COLORS

** Mocha is only available on models 162 and 168 folding chairs.*

Virco's Clear Coat is a transparent secondary powder coat finish that adds extra sheen and protection when applied over other Virco paint finishes. Clear Coat cannot be used as a secondary finish over Virco's Natural Steel paint finish.

Natural Steel is our unique finishing process that allows the natural patina of raw steel to show through a protective layer of clear urethane-based powder coat. The authentic nature of the steel, including the heat effects of welding, are clearly visible with this finish.

SOFT PLASTIC AND ABS PLASTIC COLORS - Seats, Book Boxes, Stools and Mobile Stool Tables Seats

Minimum quantities and extended lead-times may apply to some of the Soft Plastic & ABS Plastic Colors in this catalog. Please contact your Virco representative or consult Virco's current Factory price list for more information.

** Not available on ABS plastic stools and stool tables.*

UP STOOL SOFT PLASTIC COLORS

FRW™ HARD PLASTIC COLORS

Due to the high recycled content and visible particles in ZUMAFrd™ products, you may notice slight color variations among individual items.

MARTEST® 21 HARD PLASTIC COLORS

FRW™ HARD PLASTIC DESK-TOP COLORS

Ask a Virco representative about customizing desk tops by adding your school name or mascot.

CORE-A-GATOR® ABS PLASTIC TOP COLORS

MOBILE CHAIR BASE COLORS

HIGH-PRESSURE LAMINATE COLORS

Ask a Virco representative about customizing laminated tops by adding your school name or logo.

DRY ERASE

Dry erase laminates are not recommended for certain surfaces. Ask your Virco Representative for more details. To order products with a Dry Erase surface, add DE to the end of the model number.

SURE EDGE COLORS

Virco's durable, water-resistant Sure Edge® optional finish is available for an expanded range of tables, student desks and combo units.

Sure Edge forms a seamless, chemically bonded seal that prevents food particles from lodging in table-top edges. As a urethane-based sealant that's applied with an innovative anti-bacterial process for extra cleanliness, Sure Edge won't peel or flake; it even resists fading when exposed to direct sunlight.

We offer urethane-based Sure Edge as an option on our tables, desks and combo units. Whether you choose it for your cafeteria or your classrooms, Sure Edge delivers long-lasting moisture resistant protection. Please consult your current Virco price list for the availability of specific models.

Minimum quantities and extended lead-times may apply to some of the Sure Edge® colors in this catalog. Please contact your Virco representative or consult Virco's current Factory price list for more information.

WOOD COMPOSITE LACQUERED EDGE FINISH

Customers may request individual color samples from this brochure by contacting their local sales representative or by calling Virco direct at:

800-448-4726

Proudly Designed, Manufactured And Assembled By American Workers

Since 1950, when we opened our doors in Southern California, Virco has been proud to design, manufacture and assemble our products in the U.S.

One of America's iconic brands, Virco is the country's largest manufacturer and supplier of furniture and equipment for K-12 schools. All manufacturing processes – from metal fabrication and woodworking to plastic injection molding, powder coating, and chrome plating – are done in-house at our two state-of-the-art facilities in Torrance, California, and Conway, Arkansas.

Holding To The Highest Standards For Over 70 Years

Virco proudly complies with all laws and governmental regulations affecting our products. Visit virco.com for information on warranties, awards, certifications, testing standards, and environmental initiatives.
