

Furniture and Equipment for
**HIGHER
LEARNING**

Virco's Products for Higher Learning Environments

The products in this brochure provide you the essentials to outfit a 21st century campus. For seminar rooms, tech labs, student unions, administrative offices and more, **Virco** offers a diverse array of reliable, supportive, higher learning furniture solutions.

We're happy to provide you with **Higher Learning** products from Virco's modern domestic facilities in Torrance, California and Conway, Arkansas. At Virco, we're proud of our 64-year manufacturing tradition and encourage you to visit one of our plants. If you'd like to arrange a tour, please contact your local Virco representative or call Virco at 800-448-4726.

Civitas™ padded Sage™ chairs with Lunada bases and Virco café tops.

CIVITAS - CS30P

30" high soft plastic Sage seat with upholstered seat pad.

Civitas™ Café and Commons Seating

Expressly designed for the new educational commons, Civitas™ offers exceptional seating solutions for student unions, food service, libraries and related settings. You can order Civitas chairs and stools with a comfortable Sage™, ZUMA® or Analogy plastic shell; a sculpted ZUMAFrd™ seat and back made from Fortified Recycled Wood™ hard plastic (page 6); or a contoured plywood seat and back as shown on page 7.

Virco Glide Options

Most 4-leg, cantilever leg and combo unit models in this flyer with standard nylon-base glides can also be ordered with optional steel-, rubber- or felt-base glides.

Models come standard with nylon-base glides.

Nylon-base glides provide the best performance overall for multiple floor applications within an institution.

optional felt-base glide

Felt-base glides are the best choice for VCT flooring and gym wood flooring applications.

optional rubber-base glide

Rubber-base glides are for use on VCT flooring, concrete and hardwood applications where it is desirable to limit chairs from sliding.

optional steel-base glide

Steel-base glides are your best choice for concrete and asphalt flooring.

See page 42-43 for information on available colors and lead times.

Civitas™ chairs with Virco universal café tops on Lunada® bases.

CZ18FRW

ZUMAFrd™ HARD PLASTIC SEATS & BACKS

These sturdy Civitas™ models with ZUMAFrd seats and backs are ergonomically contoured for long-lasting comfort and support. Plus, Virco's proprietary FRW hard plastic formulation provides added levels of sustainability. See page 43 or go to www.virco.com for more information on Virco's Fortified Recycled Wood (FRW).

Model	Seat Height
CZ18FRW	18" high seat
CZ18FRWC	18" high seat & casters
CZ25FRW	25" high seat
CZ30FRW	30" high seat

See page 42 for swatches of all 17 Civitas FRW hard plastic colors.

CW25

PLYWOOD SEATS & BACKS

Virco now offers Civitas chairs and stools with 7-ply maple seats and backs. Comfort is built into these units through a process that results in ergonomically contoured components that are then secured to a fully welded frame for long lasting value. A range of wood stain finishes provide a level of style that is suited to a variety of settings, from dining areas to libraries.

Model	Seat Height
CW18	18" high seat
CW18C	18" high seat & casters
CW25	25" high seat
CW30	30" high seat

Available wood stain colors are displayed on page 43.

See page 42-43 for information on available colors and lead times.

CIVITAS TOPS

This series includes a unique squircle shape which, as the name implies, is a rounded square. Round and square Civitas tops – each with your choice of three beveled edge profiles – are also available. The top shown here features the Civitas T2 style bevel; see page 9 for all edge profiles.

Café Tops

To complement Civitas™ seating, Virco carries an assortment of Civitas plywood-core tops with a lacquered, beveled edge; tops can be mounted on eye-catching Civitas or Lunada® table bases. Additional café tops and bases from other product lines are also available.

UNIVERSAL TOPS

This series includes a variety of round and square tops listed on page 9. Tops come with durable T-mold banding.

CIVITAS™ TOPS

Tops consist of a 3/4" plywood-core with a high-pressure laminate surface. A clear natural lacquer edge finish (Color Code: NAT) with a no-reveal beveled edge is standard. See images below for other edge styles and colors.

Model	Top Size/Shape	Edge Treatment
C36R	36" Round	Beveled/Stained
C36SL	36" Squirecle	Beveled/Stained
C36SQ	36" Square	Beveled/Stained

Padded Sage™ Contract chairs with TEXT® Tilt-Top tables.

SAGE™ CONTRACT - SG1P

18" high soft plastic seat with upholstered seat pad. Chairs stack 4 high.

Classroom Seating

Comfortable elegance and quality construction define Virco's seating solutions for college and university learning environments. A variety of chair shell styles and sizes, leg configurations and price points are available to meet your furnishing needs.

SAGE™ CONTRACT - SG1PC

18" high soft plastic seat with upholstered seat pad and casters. Chairs stack 4 high.

SAGE CONTRACT - SG1

18" high soft plastic seat. Chairs stack 4 high.

SAGE - SG418

18" high soft plastic seat. Chairs stack 6 high.

SAGE - SG418P

18" high soft plastic seat with upholstered seat pad. Chairs stack 6 high.

SAGE™ - SGCANT18P

18" high soft plastic seat with upholstered seat pad and cantilever legs.

SAGE - SGCANT18

18" high soft plastic seat with cantilever legs.

ZUMA® - ZU418

18" high soft plastic seat. Chairs stack 6 high.

ZUMA - ZCANT18

18" high soft plastic seat with cantilever legs.

I.Q.® - 264617

17¹/₂" high soft plastic seat with sled base.
Chairs stack 10 high on HCT2646 .cart

I.Q. - 264517

17¹/₂" high soft plastic seat. Chairs stack 4 high.

ANALOGY- ANCANT18EL

18¹/₈" high soft plastic seat with cantilever legs.

ANALOGY- AN18EL

18¹/₂" high soft plastic seat. Chairs stack 8 high.

Sage™ 4-leg combo units.

SAGE™ - SGCONBRM

4-leg combo with soft plastic seat and FRW hard plastic work surface.

Combo Units

Compared to tablet arm chairs, combo units have larger work surfaces that hold more materials; they can also be equipped with bookracks and backpack hangers. Sled-base combos are recommended for carpeted floors, while 4-leg combos work on multiple surfaces; 4-leg models with casters have added mobility for collaborative groupings (pages 18-19).

ZUMA® - ZCONBRM

4-leg combo with soft plastic seat and FRW hard plastic work surface.

ANALOGY - ANCEL1M

4-leg combo with soft plastic seat, wire bookrack and FRW hard plastic work surface.

I.Q.® - 267017BR

Sled-base combo with soft plastic seat, high-pressure laminate work surface and wire bookrack.

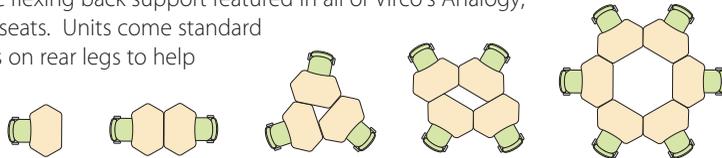

Many Virco combo units come with FRW hard plastic work surfaces. See page 43 for more information.

Six-unit configuration using Sage Agile combos - ACS1CT.

Agile Collaborative Combo Units

In addition to Virco's traditional combo units shown on pages 16-17, a variety of mobile units featuring front-wheel, pressure-activated "sit lock" casters are also available. These units are perfect for collaborative breakout sessions. Units with hex-shaped collaborative tops can easily be configured into 3, 4 or 6 student work groups. Three seating styles are offered, each with the popular soft-ergonomic flexing back support featured in all of Virco's Analogy, ZUMA and Sage Series seats. Units come standard with rubber base glides on rear legs to help minimize movement.

See page 42-43 for information on available colors and lead times.

AGILE COMBOS WITH COLLABORATIVE TOP

4-leg combo with soft plastic seat, wire bookrack, high-pressure laminate work surface and front-leg "sit lock" casters and rear rubber-base swivel glides.

Three Agile Shell Styles

ANALOGY™ - ACAEL1CT

ZUMA® - ACZ1CT

SAGE™ - ACS1CT

ANALOGY™ AGILE - ACAEL3M

4-leg combo with soft plastic seat, FRW hard plastic work surface, front-leg "sit lock" casters and rear rubber-base swivel glides.

ZUMA® AGILE - ACZ3M

4-leg combo with soft plastic seat, FRW hard plastic work surface, front-leg "sit lock" casters and rear rubber-base swivel glides.

SAGE™ AGILE - ACS3M

4-leg combo with soft plastic seat, FRW hard plastic work surface, front-leg "sit lock" casters and rear rubber-base swivel glides.

Many Virco combo units come with FRW hard plastic work surfaces. See page 43 for more information.

Tablet Arm Seating

When class sizes present challenges to your interior spaces, Virco tablet arms can help. Their compact footprint dimensions enable optimum space utilization in college and university learning environments. There's even a stacking model for classrooms that require a certain amount of flexibility.

METAPHOR® - N918TA

Soft plastic seat with articulating high-pressure laminate tablet arm. Units can be stacked 5 high.

SAGE™ CONTRACT - SCTC

Soft plastic seat with articulating high-pressure laminate tablet arm and casters.

ANALOGY™ - ANTEL1

Soft plastic seat with articulating high-pressure laminate tablet arm and wire bookrack.

SAGE - SG418TABR

Soft plastic seat with articulating high-pressure laminate tablet arm and wire bookrack.

SAGE - SG418TAFBR

Soft plastic seat with fixed high-pressure laminate tablet arm and wire bookrack.

ZUMA® - ZU418TAFBR

Soft plastic seat with fixed high-pressure laminate tablet arm and wire bookrack.

VIRTUOSO® - 2945TA

Soft plastic flex-back seat with fixed high-pressure laminate tablet arm.

See page 42-43 for information on available colors and lead times.

Healthy Movement

Virco Rockers

Popular ZUMA®, Sage™ and Analogy™ rocking chairs with ergonomically contoured shells and a moderate range of motion bring an extra touch of comfort to libraries, break rooms, student unions and other on-campus settings. Guaranteed to brighten the mood of any environment.

Mobile Task Chairs and Lab Stools

Other Virco furniture items that support healthy movement include our extensive selection of adjustable mobile task chairs and lab stools, as seen beginning on page 24.

SAGE™ - SGROCK18A

Soft plastic seat with 17⁵/₈" high seat and arms.

See page 26 & 27 for pricing on lab stools

See page 24 & 25 for pricing on task chairs

SAGE™ - SGROCK18

Soft plastic seat with 17⁵/₈" high seat.

SAGE - SGROCK18P

Soft plastic seat with upholstered seat pad with 17⁵/₈" high seat.

SAGE - SGROCK18PA

Soft plastic seat with upholstered seat pad with 17⁵/₈" high seat and arms.

ZUMA® - ZROCK18

Soft plastic seat with 17⁵/₈" high seat.

ZUMA® - ZROCK18A

Soft plastic seat with 17⁵/₈" high seat and arms..

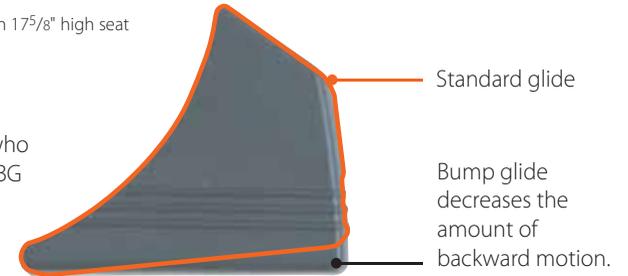

ANALOGY™ - ANROCK18EL

Soft plastic seat with 17¹/₂" high seat.

Arm and Glide Options

Virco offers bump glides on all rocking chairs for those who are looking to reduce the range of rocking motion; add BG to the end of the model number for this option. A set of arms as seen on page 22 is also available on ZUMA, and Sage rocker models.

Sage™ task chairs with mobile adjustable-height TEXT® tables.

SAGE™ - SGTASK18

Soft plastic seat with 16" to 20½" seat height.

Task Chairs

With easy seat-height adjustability and supportive ergonomic contours, Virco's mobile task and technology chairs give you tastefully styled, high-value product choices for your campus.

S367230CSAE	72"L x 36"W x 30"H

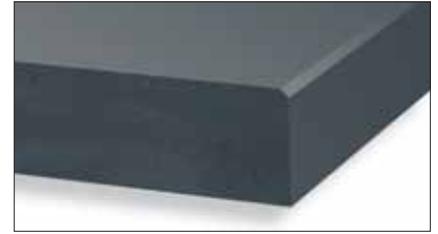

WOOD-FRAME SCIENCE TABLES WITH CHEMSURF TOPS

Wood-frame science tables with heat-, water-and chemical-resistant Chemsurf laminate top with Sure Edge™.

Model	Dimensions
SCI244830CSAE	48"L x 24"W x 30"H
SCI245430CSAE	54"L x 24"W x 30"H
SCI246030CSAE	60"L x 24"W x 30"H

Chemical-Resistant Science Table Tops

Epoxy Resin Top

Non-toxic epoxy liquid is poured into a mold to become a solid epoxy top, which is extremely heavy and provides superior resistance to abrasion, chemicals, acid, heat and moisture. This is the most durable science table top that Virco offers.

Chemsurf® Top With Sure Edge®

As the midline grade of science table tops in Virco's product line, Chemsurf high-pressure laminate work surfaces provide very good heat and chemical resistance; they're also acid-resistant and water-resistant. Tops edges are finished with urethane-based Sure Edge®

See page 42-43 for information on available colors and lead times.

Padded Sage™ lab stools with stand-up height Plateau® table.

PLATEAU® - PT303039

39" stand-up height Plateau table with 30" x 30" high-pressure laminate top.

Classroom & Conference Tables

Different areas of your campus have different table requirements. With the TEXT® and Plateau® table collections, Virco offers you an array of table choices with different technology-support, mobility and top-size features and capabilities.

Color Swatches

You can choose from a rainbow of Virco furniture and equipment product colors. For information on lead times for specific product-and-color combinations, or for additional color options not shown in this brochure, contact your local Virco Representative or call 800-448-4726.

CAUTION: Due to color reproduction variability in printed materials and digital media, Virco recommends that you review product colors on sample coupons or swatches before purchasing to confirm that your product color choices coordinate with the interior spaces for which these products are intended. Virco will provide complimentary sample coupons or swatches for plastic, laminate, powder coat paint and upholstery colors; however, it is the customer's responsibility to request these sample materials. Once you've submitted your request, your Virco Sales Representative will be happy to assist you with this process.

COLORS, FINISHES, AND LEAD-TIMES

Virco's extensive product solutions are available in a wide range of colors and finishes with corresponding lead-times as described below. Please contact your local Virco Sale Representative for specific information on each program.

- Quick Ship - A select group of models and color combinations ship with 10 business days or less.
- Classroom Basics - An expanded group of models and color combinations ship within 4 weeks or less.
- Virco's Full Palette - Our full palette of models and color combinations ship within 4 - 6 weeks except during our peak season of July and August, when some products and color combinations may take longer.
- Custom Colors, Fabrics, Laminates and Finishes - Because of the capabilities and processes available in our U.S. Factories, we have the ability to do custom color matches from sample or swatches. Lead-times vary.
- Custom Engineered Solutions - Our in-house engineers and domestic factories are uniquely positioned to design, prototype, and test custom engineered products to meet your specific needs. Extended lead-times apply.

You may also access our full range of colors by going to: http://service.virco.com/library/color_program.html.

LIFETIME WARRANTY

Virco will repair or replace, at its option, any Virco furniture or equipment product which proves to be defective in original material or workmanship as long as the product is owned by its original purchaser. This is your sole and exclusive remedy. This warranty covers products manufactured after January 1, 2014 and is subject to the qualifications as stated on Virco's website at www.virco.com.

FRW™ HARD PLASTIC

Virco's FRW hard plastic formulation provides added levels of sustainability. FRW components contain recycled-content materials; when available, they're made with post-consumer materials reclaimed through Virco's Take-Back program! Go to www.virco.com for more information on Virco's corporate stewardship initiatives.
